Hooked

Fit for a King

Uh baby
I'm hooked ridin' back on you
Maybe it looked like we were through
But baby I'm hooked ridin' back on you
Ain't a thing I can do
When we go out at night
You never talk to me
But when you hold me tight
With all my might
I can't seem to break free
You got me hooked but I don't care
Cause I don't wanna go nowhere
But I can't stay for another day
I got to get away
But baby
I'm hooked ridin' back on you
Maybe it looked like we were through
But baby I'm hooked ridin' back on you
Ain't a thing I can do
I give you all my love
You never give it back
But when you hold me close

You almost give me a heart attack
You got me hooked but I don't mind
Cause I don't wanna leave your side
But I can't stay, even one more day
I've got to say goodbye
You know
You're such a bad girl, bad girl
You got me in your trap girl, bad girl
Why don't you let me be, bad girl, bad girl
Why do you torture me, bad girl, bad girl
You got me hooked but I don't care
Cause I don't wanna go nowhere
But I can't stay for another day
I got to get away
But baby
I'm hooked ridin' back on you

Maybe it looked like we were through
But baby I'm hooked ridin' back on you
Ain't a thing I can do
Baby I'm hooked ridin' back on you
Maybe it looked like we were through
But baby I'm hooked ridin' back on you
Ain't a thing I can do
