

# Walk In Love

## Elevation Worship

Verse:

Light broke through

It was you

It began to rise inside of me

As you breathed in peace

HallelujahChorus:

We were bought, we were bought with love

So we walk, we walk in love

You're calling us out of ourselves

To love a world that's broken down

So we walk in love

Verse:

Wake up soul

You've been made whole

It's Christ in you who's shining through

When you give love away

HallelujahChorus x2Hallelujah, hallelujahBridge:

We will love, we will love, we will be your love

You will shine, you will shine, you will shine in us

We will love, we will love, we will walk in love
