One Day

Eric Clapton

One day, I believe
One day, I can seeBaby, out in the country, maybe down by the sea
Gonna I wake up one morning and find that I've been set freeOne day
One daySome day, I can't say how
Some day, but I don't know nowMaybe tomorrow when I'm old and gray
All I ever wanted will finally come my wayOne day
One day
One day, baby
One dayOne day, this dream will come true
One day, one day, one day baby, maybe you will tooMaybe flying high, maybe close to the ground
I will hear your voice and I'll know I've been found
Hold me tight, baby make me stay
I can hear every word you've been trying to sayOne day
One day
One day, maybe
One dayOne day
One day
One day
One day
