

Finding Out.

Stellar Kart

I'm looking up and looking down
I'm counting my steps
Looking all around no one can see no one can know everything that
I do when I'm all alone
All the lies that won't let go
Try to hide from the truth I know You found me out you found me out
And you still love me
Now I'm learning I'm learning
To see what you see
I'm finding out, I'm finding out
Who I could be as I'm learning
I'm learning
To love you like you love me What face will I put on today
What race to run am I far away
Will you help me find my way
Show me what to do
Tell me what to say
I'm finding out
