Let's Have A Party

Backstreet Boys

But all I wanna know is where the party at?
But all I wanna know is where the party at?
Let's have a party let's have a party
But all I wanna know is where the party at?
Everybody let's have a party
But all I wanna know is where the party at?
I've been watching you you've been watching me
Let's stop playing games girl come and dance with me
Don't you hear the music? Don't you feel the groove?
(Yeah)
Come on girl get on the floor I wanna dance with you
But all I wanna know is where the party at?
Let's have a party, everybody throw your hands up in the air
Everybody, I like the way you swing yeah
Everybody, girl you know mmm, you're looking good
Let's have a party girl you gotta work that body
Girl I must be dreamin' have a night of bliss
Holding hands being close sharing our first kiss
You really blow my mind can't believe it's true
I've been waiting all night long to get a girl like you
Let's have a party we're movin' to the groove, yeah
Let's have a party all the homies and the honies here for all
Everybody 'cuz we're gonna have a party
Let's have a party so everybody can joy and feel the need
Welcome everybody to the party don't forget the honies
The mad fun's just begun at the party yo
Give a call and beep and make sure your girl ain't creepin'
It's time to get it on the dance floor you want
More than what you came here for
I see you looking at me across the dance floor
I wish for that sweet little kiss don't be no Cinderella and go pouf
(But all I wanna know is where the party at?)
After midnight, uh, yeah

But all I wanna know is where the party at?
But all I wanna know is where the party at?
But all I wanna know is where the party at?
But all I wanna know is where the party at?
Let's have a party, I like mmm everybody

Let's have a party, throw your hands up
Everybody, everybody, everybody
Girl you know mmm, you're looking good
Let's have a party, I like the way you swing yeah
(But all I wanna know is where the party at?)
Let's have a party, everybody throw your hands up
(But all I wanna know is where the party at?)
Everybody 'cuz we're gonna have a party
Let's have a party so everybody can joy
(But all I wanna know is where the party at?)
And feel the need
Let's have a party, I like the way you swing yeah
(But all I wanna know is where the party at?)
Let's have a party, everybody throw your hands up
(But all I wanna know is where the party at?)
Everybody 'cuz we're gonna have a party
Let's have a party so everybody can joy
(But all I wanna know is where the party at?)
And feel the need
Let's have a party, I like the way you swing yeah
(But all I wanna know is where the party at?)
Let's have a party, everybody throw your hands up
(But all I wanna know is where the party at?)
Everybody 'cuz we're gonna have a party
Let's have a party so everybody can joy
(But all I wanna know is where the party at?)
And feel the need
