

Keep the Secret

Gala

Boy of fifteen, he knows everything
He dances with pain
He sees through the night
Dark angel, you know,
You're gonna grow old
You died for Love
You'll give in to the world
Keep the secret
When you'll give in to the world
Keep the secret, you died for Love
keep the secret
When you're gonna grow old
Keep the secret
Dark angel you know
Boy of the summer, boy of the spring
Boy of the winter, boy of fifteen
Boy of the time that won't be back
Boy of beauty, come take my hand
You'd like to give in, you'd like to fight
Like me you're pure, like me you're wild
You'd like to leave, you'd like to hide
Like me you're pure, like me you're wild
Boy of the summer, boy of the spring
Boy of the winter, boy of fifteen
Boy of the time that won't be back
Boy of beauty, come take my hand
Keep the secret
You've seen through the night
Keep the secret
You've danced with pain
Keep the secret
You knew everything
Keep the secret,
Please boy of fifteen
You'd like to give in, you'd like to fight
Like me you're pure, like me you're wild
You'd like to leave, you'd like to hide
Like me you're pure, like me you're wild
You've seen through the night

You've danced with pain, you knew everything
Keep the secret,
Please boy of fifteen
