

Mirror

Bobby V

Yeah,
Bobby V
She want me, I want her
I'm looking in the mirror at all her curves like (Like)
Ooh oh, in the mirror like
Ooh oh, in the mirror like
She on me and I'm on her
Posin' in the mirror doin' things to her like
Ooh oh, in the mirror like
Ooh oh, in the mirror like
In the mirror, in the mirror like
In the mirror, in the mirror like
In the mirror, in the mirror like
In the mirror, in the mirror like Ooh, she got a thing for the nasty
Yeah, she do anything you ask her, we all up in my crib,
Straight from the club there's a mirror on the ceiling,
Right above my tub
Yeah, shawty down with me
Lady in the streets, but a freak in the sheets
I like to look it up, that's when we do our thing
Do you see what I see?
We tied up, I'm 'bout to take you down and yes I'm that man in the mirror
Your reflection's so sexy
I guess I gotta make it clearer And I know that she want me, I want her
I'm looking in the mirror at all her curves like
Ooh oh, in the mirror like
Ooh oh, in the mirror like
She on me and I'm on her
Posin' in the mirror doin' things to her like
Ooh oh, in the mirror like
Ooh oh, in the mirror like
In the mirror, in the mirror like
In the mirror, in the mirror like
In the mirror, in the mirror like
In the mirror, in the mirror like Yeah, put your hands on the glass
That thang a little big, turn around real fast
We sweatin' up in here, we steamin' up the room
I can't see your reflection, but I know what to do
Do you like this, do you like that?

Turn you 'round front, flip you on your back
Do you see what I see?
Do you see what I see?
We tied up, I'm 'bout to take you down
And yes I'm that man in the mirror
Reflection's so sexy
I guess I gotta make it clearer
And I know thatShe want me, I want her
I'm looking in the mirror at all her curves like
Ooh oh, in the mirror like
Ooh oh, in the mirror like
She on me and I'm on her
Posin' in the mirror doin' things to her like (Yeah)
Ooh oh, in the mirror like (Like a mirror)
Ooh oh, in the mirror like (I see you)Uh, mirror mirror on the wall
I'm lookin' for love, I'm lookin' for love
And if your mirror crack, I'm hooked on your drugs
Buzz buzz buzz, I'm a love bug, yeah
Purple rain she look like Apollonia
She smell like bath and body and begonias
And me I smell like beef from California
Because I smoke marijuana whenever Mary wanna
I think her name's Stephanie, but call her Steph'
Shawty so right I don't know what's left
Who your daddy? Then I hit it faster
The mirror said you are you conceited bastardShe want me, I want her
I'm looking in the mirror at all her ccurves
Ooh oh, in the mirror like
Ooh oh, in the mirror like
She on me and I'm on her
Posin' in the mirror doin' things to her like
Ooh oh, in the mirror like
Ooh oh, in the mirror like
In the mirror, in the mirror like
In the mirror, in the mirror like
In the mirror, in the mirror like
In the mirror, in the mirror likeLike a mirror up in it, I could see me in it
Like a mirror up in it, I could see me in it
Like a mirror up in it, I could see me in it
Like a mirror up in itEh, Like a mirror up in it
