Advisory - the following lyrics contain explicit language:

So one thing led to another
You were calling her a lover
Her brothers her brother
Yeah if you want me to do it, I
guess that I'll do it, but
I'm telling you
One wrong move and yeah we're throughChorus x 2
Hey there sister wife
Get the hell out it's my night
You don't know the way to his heart
Like I doDamn man kick out the likeness
The view is the prophet
I don't think you got this
Yeah holy as our father
I'd rather not bother, I
and I'm telling you
One wrong move and we're throughChorus x 2
Hey there sister wife
Get the hell out it's my night
You don't know the way to his heart
Like I doI'm stuck with two
I'm stuck with you
I'm stuck with two
I'm stuck withChorus x 2
Hey there sister wife
Get the hell out it's my night
You don't know the way to his heart
Like I do
