

Bet (feat. Devonte Hynes)

[Tinashe](#)

Sky's on, fire
Lightening
The stars come
You know I, tried to
Tell you
Attempted to warn you
And we've been praying for the rain
It's been months now
Since you came here to California
I'll be here to hold ya
Bet on it
Pay no mind to what the doubters all say
I'mma be around for ever, always
You can bet on it
Sky's on, fire
Lightening
The stars come
And you know I
Tried to, tell ya
Attempted to warn you
And we've been praying, anticipating
Been a long time coming for the road that we had to follow
I'll be here tomorrow
Bet on it
Pay no mind to what the doubters all say
I'mma be around for ever, always
You can bet on it
