Big Man In a Big House

Leroy Van Dyke

Well when he was a kid he dreamed about a big house on a hill
Far far away from shanty town and poverty
He was only a5 a kid full of dreams when he ran away
He left his pa a note saying youâ€™ll be proud of me someday
When Iâ€™m a big man in a big house with acres and acres of ground
Iâ€™ll be a big man in a big house a big high fence all around
a big high fence all around
Well he settled down in a great big town and he worked so hard
But the harder he worked the more heâ€™d spend it seemed
And all his new found friends they made fun of him and said come along
And we will show you how you can fulfill all your dreams
Youâ€™ll be a big man in a big house with acres and acres of ground
Youâ€™ll be a big man in a big house a big high fence all around
a big high fence all around
He was just 21 when a loaded gun was his downfall.
For he joined a gang he did something he shouldnâ€™t do
Then one rainy night the police came by and they took him in
And the judge said son thereâ€™s a place for kids like you
Now heâ€™s a big man in a big house with acres and acres of ground
Heâ€™s a big man in a big house a big high fence all around
a big high fence all around
