

Some Girls

Dot Dot Dot

You said itâ€™s how itâ€™s gotta be
(I take it back)
Simple end to tragedy
(I want it back)
Remember what you told me
Youâ€™ve got a lot of stories
We are the fools
We are the ones who always let you down andâ€™

Some boys like some girls like you
I want you back
(Can I get it right)
Some boys like some girls like you
I want you back

When sheâ€™s back she goes again
(I take it back)
If the last thing that she said
(I want it back)
Remember what you told me
Youâ€™ve got a lot of stories
We are the fools
We are the ones who always let you down andâ€™

Some boys like
Some girls like you
I want you back
(Can I get it right)
Some boys like
Some girls like you
I want you back

What I was going through you could never understand
Yeah I can see the world it lies it lies before your hand
If you can name the time and place and place you used to go
Iâ€™d be there
Could I be there

Some boys like some girls like you
I want you back

(Can I get it right)
Some boys like
Some girls like you
I want you back
(Can I get it right)
