The Blues

Guns N' Roses

The Blues - Guns N RosesAll the love in the world couldn't save you
All the innocence inside
You know I tried so hard to make you
To make you change your mindAnd it hurts too much to see you
And how you left yourself behind
You know I wouldn't want to be you
Now that's a hell I cant describeSo now I wander through my days
Trying to find my ways
To the feelings that I felt
I saved for you and no one elseAnd though as long as this road seems
I know its called the street of dreams
But that's not stardust on my feet
It leaves a taste that's bittersweet
That's called the bluesI don't know just what I should do
Everywhere I go I see youAlthough its what you planned, this much is true, oh oh
What I thought was beautiful don't live inside of you, anymore, oh ohI don't know just what I should do
Everywhere I go I see youYou know it's what we planned, this much is true, oh oh
What I thought was beautiful don't live inside of you, anymore oh ohWhat this means to me
The more I know you believe
What I thought was you now
Has cost more that it should for meWhat I thought was true before
Were lies I couldn't see
What I thought was beautiful
Is only memories, oh oh oh oh oh oh
