

With All My Heart

Dream Street

Late at night, awake and alone
I count the stars in the sky
Every cloud that rolls by And I think of you, I whisper, I wish
With everything that I am
I'll do all that I can 'Cause baby
I, I just want you to see that
Baby, you
Mean the whole world to me It's so right
When I see the love in your eyes
All that I wanna do, baby
Is to spend my life with you And I know
As long as there is tomorrow
I'll be loving you right from the start
With all my heart I can't believe, what's happened to me
But you stepped right out of my dream
Like nothing I'd ever seen And I will love you
For the rest of my life
'Til forever is gone, you'll be the one 'Cause baby
I never thought I would say that
Baby, you
Are my night and day It's so right
When I see the love in your eyes
All that I wanna do, baby
Is to spend my life with you And I know
As long as there is tomorrow
I'll be loving you right from the start
With all my heart I know, I'll be strong
With you in my arms
Heaven brought us here together
We belong like this forever It's so right
When I see the love in your eyes
All that I wanna do, baby
Is to spend my life with you And I know
As long as there is tomorrow
I'll be loving you right from the start
With all my heart It's so right
When I see the love in your eyes
All that I wanna do baby
Is to spend my life with you And I know

As long as there is tomorrow
I'll be loving you right from the start
With all my heart With all my heart
