Red Eyes (Mike Luck Remix)

Thomas Azier

She could never be closer
And ever closer then tales can tell
But I can't failShe could never be closer
And who's the one who casts the spell
Oh, I can't tellPieces falling in the games you play
And even castles could not get awayRed eyes
Red eyesHer lips are around you
You feel the sweat against your skin
Oh, the mess you're inPieces falling in the games you play
And even castles could not get awayRed eyes
Red eyesPieces falling in the games we play
And even lovers could not get awayRed eyes
Red eyes
