

# Naked In My Bed

## Frickin' A

I met her at the pool  
Yeah, she was smokin hot  
She told me  
Maybe we should get together sometime  
She asked me if I could  
Rub oil on her back  
And that was fine with me  
And then I had a crazy fantasy, we were  
Naked in my bed  
One fling no strings  
Movin all around the room  
Chicka, chicka, boom, boom  
And then we did it on the floor  
Against the door  
Up on the sink where we did it some more  
The sun was hot and we were both burning red  
We were naked in my bed  
She read her magazine  
Right in front of me  
The latest issue of cosmo  
She said, I should  
Check these positions out on page 69  
She pointed to this one  
And said  
Looks like a lot of fun then we were  
Naked in my bed  
One fling no strings  
Movin all around the room  
Chicka, chicka, boom, boom  
And then we did it on the floor  
Against the door  
Up on the sink where we did it some more  
The sun was hot and we were both burning red  
We were naked in my bed  
Everyone will wonder where weve been  
We can make up something oh but then  
We may never see the sun again  
We were naked in my bed  
On top, dont stop
