

Words Don't Mean A Thing

Taproot

Yesterdays were all the same
Independent, where were you?
Nothing's changed, it's not a phase
Or two
Lakeside playing down on the docks
Like a painting, skipping rocks
Killing time, awaiting, nothing to be found
No one to see, no one to believe in me
Like a suspect walking free
Anxiety is filling me, I'm through
So where the fuck are you?
You said you'd work to make things right
You said the worst had passed us by
You said that I won't have to worry
You said you'd stay with me, honestly
Now I know your words don't mean a thing
Killing time, awaiting, nothing to be found
Nowhere to be, nothing to instill in me
That I'm a part of humanity
The irony is splitting me in two
So where the fuck were you?
You said you'd work to make things right
You said the worst had passed us by
You said that I won't have to worry
You said you'd stay with me, honestly
Now I know your words don't mean a thing
It's not my fault that it is here I stand
It's not your fault that it is here I stand
You said you'd work to make things right
You said the worst had passed us by
You said that I won't have to worry
You said you'd stay with me, honestly
Now I know your words don't mean a thing
