

# Without You

## Electric Youth

You say, you've found, your calling  
Now you need, to be, alone  
A step away from falling  
Please tell me is that really all? Then this will be  
Your big mistake  
You'll never find another who'll love you like me  
You'll never find another who'll truly care  
And if you make my poor heart break  
Later on I know I'll find a way to fix it  
But it will mend Without you Think, it's the answer  
And you've got, it all, figured out  
You think this change is change for the better?  
But this change is change for the worse  
Haven't you ever put your feelings first? Then this will be  
Your big mistake  
You'll never find another who'll love you like me  
You'll never find another who'll truly care  
And if you make my poor heart break  
Later on I know I'll find a way to fix it  
But it will mend[x5]  
Without you
