

## Midas Fall

Some people tell me, that you're not my kind  
And I believe them, but I can't get you off my mind  
Some people tell me that I should stay away  
    Maybe I will, some other day  
    'Cause it feels right, you know it feels good  
    And I don't know what to do what I should  
        And I know what makes me happy  
        And in my heart you are it exactly  
    I don't wanna do it, I just want you tonight  
Not just only in my dreams, save my best behavior  
    For a little later, 'cause I'm only seventeen  
    Think I made my mind up, I got time to grow up  
        Face responsibility, livin' in the moment,  
    Keepin' my heart open, while I'm only seventeen  
        I'll learn my lessons, and I'll make mistakes  
        And if I get burned, it'll be my heart to break  
        It isn't easy, hearing what they say  
    Sometimes you've got to take a leap of faith  
        'Cause it feels right, yeah it feels good  
        And I'm not gonna do something stupid  
        Just this once I wanna feel like  
    I can do what I want when I hold tight  
    I don't wanna do it, I just want you tonight  
Not just only in my dreams, save my best behavior  
    For a little later, 'cause I'm only seventeen  
    Think I made my mind up, I got time to grow up  
        Face responsibility, livin' in the moment,  
    Keepin' my heart open, while I'm only seventeen  
        Yea  
        Anyone, who's ever been in love  
    Has got to know, what it means to have a dream  
        And no one can say anything  
    To change my mind, no, not this time  
        Feels good  
        I should  
        Makes me happy  
        And you are it exactly  
    I don't wanna do right, I just want you tonight  
Not just only in my dreams, 'cause I'm only seventeen

Time to grow up, face responsibility  
Keepin' my heart open  
Seventeen  
I just want you do right  
Only in my dreams  
Only seventeen only seventeen only seventeen  
Yea
