

Eyes of Dawn

Witching Hour UK

Eyes Of Dawn

From Within
It echoes deep
Beneath your faithful charm
Spinning lace
Spinning west
Like a grain of dust through felt in through my hand
Running slow
Running fast
Like a pan in life forever burning
Crystal clear
See it now
See it through
Through the Eyes of DAWN!
The Eyes of Dawn
Can you see it now?
The Eyes of Dawn
Can you see it NOW!
Crystal ball
See the past
A thousand years
A thousand sunsets
Exit still
Through silver heart
Pave the way
To bring the the Future HERE!
Lay me down a bed of thorns
But you cannot take my Soul for mercy
Hear the noise
Donâ€™t fear the sound
Bring the Vision
Through the Eyes of DAWN!
The Eyes of Dawn
Can you see it now?
The Eyes of Dawn
Can you see it NOW!
