

# Rescue Me

John Rich

What do you do when you're scared inside?  
When all of your feelings just seem to collide  
Emotions just seem to let go  
All of your tears always follow  
All of these things that you're feeling deep down  
And you realize that you're calling out loud

I love Thee  
Rescue me  
Shine your light  
Lead me home  
Lord, all I need is your love  
I love Thee  
Rescue me  
Shine your light  
Lead me home  
Lord, all I need is your love  
Rescue me

What do you do when the path leads nowhere?  
When you need someone to be there  
Now you're afraid of what's gonna come  
And now there's nowhere to run  
All of these things that you're feeling deep down

Then you realize that you're calling out loud

I love Thee  
Rescue me  
Shine your light  
Lead me home  
Lord, all I need is your love  
I love Thee  
Rescue me  
Shine your light  
Lead me home  
Lord, all I need is your love  
Rescue me

Oh it's love's sweet salvation  
With Christ the Blessed Lamb  
We can get through anything as long as it's you and me  
I love Thee Rescue me

Shine your light lead me home  
Lord, all I need is your love  
I love Thee Rescue me  
Shine your light lead me home  
Lord, all I need is your love  
Rescue me
