

# Only The Strongest Will Survive

## Hurricane #1

Well my life is worth nothing to some  
While to others I am number one  
And it can be so hard to know

When to try and when to get up and go. Well this feelings reeling me in  
I can feel it like it was my skin  
In my head I repeated the rule

Pain is easy pressure is cruel. I tell you only the strongest will survive.

These days you've got to kill yourself just to stay alive. Well there's only one life that you know  
It won't take you where you want to go  
Yesterday was a walk in the park

But tomorrow is a step in the darkAnd this feelings reeling me in  
I could feel it like it was my skin  
In my head I repeated the rule

Pain is easy, pressure in cruel. I tell you only the strongest will survive

These days you've got to kill yourself just to stay alive. Everybody's talking like they want to see the poor live  
again,

I'll be in the ally, get a taxi cause I'm staying in. I'm strong enough to get you through,  
Are you strong enough to help me to.
