EVERYTHING IS GOING INTO THE RESTART/REUNION
ALL THE THINGS, UNSEEN THINGS, NEW MEMORIES
CERTAIN THINGS, UNCERTAIN THINGS
SENSE OF EVERYTHING REVERSE INTO THE MIND
!!!NISHIKANI KORIDASHITA!!!In the stream of words and myself who has been changed
I was watching even at the past moment
Even though lower half of someone's eyes are... bothered.There might be some reason
I'm changing myself all the time
I've known more and more function of myself
Even though memories at some time are... bothering.FORGETTING EVEN THE ROUTINE THINGS
WHEN I REVERSE THEM INTO THERE
I MERELY GET A BIT OF ALL INSIDE OF MY HEADWhen I see my voice,I'm going to drop it with no reason
Was watching someone else, my translation function is bothering
You don't understand anything at all, do you?
The feeling of going back there when you don't noticeJapanese and English are gradually merged into nowhere
Uncertain mind in my mind is getting a bit clearer and going towards there
That my head to that mouth to that edge of that throat that translation cannot catch up on
