

# One Day

## Royal Thunder

i will come back here one day in my life  
i will be back here one day in my life  
i will see how i have let you down  
i will come back here one dayive got a little bit of time here  
gotta get this right  
ive gotta lay it on the table  
if the cards feel right  
im kicking a rock all around in my head  
and all of the times i had  
that ship is slowly passing through melife set me free and cut me down the middle  
im stuck inbetween it  
dont put me back togetheri will come back here one day  
i will be back here one dayi can hear you saying  
give us one more night  
i got a really bad feeling  
did i get this rightnow im throwing a rock all around in my head  
cut me down the middle  
i dont wanna stay here  
oh the rock inside my head  
its getting really loud  
loud  
loud  
i dont know what i should do  
maybe i should try  
but i dont wanna die  
i dont wanna die  
here...
