

Drowning

Mario

I never thought I'd be in between her legs
While I'm still thinking 'bout you
And I'm in too deep to pull out now
She's suffering while I feel good When I said we should stop
You didn't wanna save me
Now my feet can't touch the ground
I'm going down The closer I get to you baby
Your waters are rising
My hard tears are falling
But I'm so close to you baby
Either way I'm thinking
I'm sinking, I'm not swimming
In your waters I'm drowning, drowning, drowning
My head's underwater, hate tears overflowing
Please stop me from drowning, drowning, drowning
Hate tears won't stop falling, and your body keeps calling
I'll drown it out for now Tell you the truth I could get used to this
But I don't wanna suffocate you
'Cause even with two queens in my hands
If I'm playing games I could still lose When I said we should stop
You didn't wanna save me
Now my feet can't touch the ground
I'm going down The closer I get to you baby
Your waters are rising
My hard tears are falling
But I'm so close to you baby
Either way I'm thinking
I'm sinking, I'm not swimming
In your waters I'm drowning, drowning, drowning
My head's underwater, hate tears overflowing
Please stop me from drowning, drowning, drowning
Hate tears won't stop falling, and your body keeps calling
I'll drown it out for now
I'ma drown it out for now
I'll drown it out for now The closer I get to you baby
Your waters are rising
My hard tears are falling
But I'm so close to you baby
Either way I'm thinking

I'm sinking, I'm not swimming
In your waters I'm drowning, drowning, drowning
My head's underwater, hate tears overflowing
Please stop me from drowning, drowning, drowning
Hate tears won't stop falling, and your body keeps calling
I'll drown it out for now
