

Deeper Life

Natalie Grant

So many voices are calling out to me
To sell me something, tell me what I need
But they don't know about the treasure I've found
A gift from Heaven I can't live without
It is a kingdom and
It's hidden deep inside
I will be living for much
More than meets the eye
'Cause I need the deeper life
Where the love of God runs far and wide
I need the deeper life
I will give Him all my heart and mine
I won't be swept away
By every changing tide
I believe in the deeper life
I've got my telephone, I've got my radio
I got a lotta places I can go
But where I wanna be is off the deep end
My Jesus meets me when I dive right in
Don't wanna slip slide
On the surface of this life
My soul will search
Until this thirst is satisfied
'Cause I need the deeper life
Where the love of God runs far and wide
I need the deeper life
I will give Him all my heart and mine
I won't be swept away
By every changing tide
I believe in the deeper life

The deeper life
The deeper life
The deeper life
I will be seeking first
The Kingdom of my God
I want everything He's got
'Cause I need the deeper life
'Cause I need the deeper life

I will give Him all my heart and mine
I won't be swept away
By every changing tide, I believe
'Cause I need the deeper life
Where the love of God runs far and wide
I need the deeper life
I will give Him all my heart and mine
I won't be swept away
By every changing tide
I believe in the deeper life
Deeper life
Deeper life
Deeper life
Deeper life
Deeper, deeper life
Deeper life
Deeper, deeper life
Deeper life
Deeper, deeper life
Deeper life
Deeper, deeper life
