Bitter Moon

Lovebugs

bitter moon
i know who you are
i know what you need
when the day is over
bitter moon
i know where you hide
i know your disguise
when the night is overseems like everything you love you will despise
turn so many truths in too many lies
oh ohbitter moon
you shine so cruel
you light up my loneliness
bitter moon
you catch the fool
the sandman knows you're my distress
bitter moon please let me sleepbitter moon
i know who you serve
i know who you cheat
when the day is over
bitter moon
i know what you buy
i know what you sell
when the night is overseems like everything you touch you will destroy
you feel hate instead of feeling joy
oh ohbitter moon
you shine so cruel
you light up my loneliness
bitter moon
you catch the fool
the sandman knows you're my distress
bitter moon please let me sleep
please let me sleep
please let me sleep
