When You Walk In the Room

Pam Tillis

I can see a new expression on my face
I can feel a strange sensation taking place
I can hear the guitars playing lovely tunes
Every time that you walk in the roomI close my eyes for a second and pretend it's me you want
Meanwhile I try to act so nonchalant
I see a summer night with a magic moon
Every time that you walk in the roomMaybe it's a dream come true
Standing right along side of you
Wish I could show you how much I care
But I only have the nerve to stare, oh wellI can feel that something pounding in my brain
Just anytime that someone speaks your name
Trumpets sound and I hear thunder boom
Every time that you, every time that you
Every time that you walk in the room, yeah
