Can't Turn Back

Tynisha Keli

Seems like yesterday
I was thinking something so good couldn't come my way
I was comfortable just sitting being all alone
But now I know..
I can't ignore what my heart is telling me
Yeah, I know I'm a little past due
After all that I've been through
Break ups, and make ups, and mistakes
And heartaches, but that ain't chu
I wanna sho' improve
So whatchu wanna do
Kissing and hugging and touching
I ain't gon' lie to you
[chorus:]I can't turn back now
Got me in over my head
I'm in too deep
Please show me how
How to love you the way thatchu need me
I can't turn back now
I've come too far witchu baby
I can't leave
So don't let me down
I wanna follow wherever you lead me
Lyrics
Honestly, I wouldn't trade a minute of me bein' witchu
Wit nothin in the world cus when you look at me
I can't breathe ..
Can't nothin ever stop me from me lovin' you
Baby you are the truth

You set me free wit good
Teach me, I'm ready, I'm waiting,
I'm willing to go to school
I'm so caught up witchu
I wanna sho' improve
Whenever, however, wherever
It takes me I'm here to do
[chorus:]I can't turn back now
Got me in over my head

I'm in too deep
Please show me how
How to love you the way thatchu need me
I can't turn back now
I've come too far witchu baby
I can't leave
So don't let me down
I wanna follow wherever you lead me
I'm so gone, gone gone
Look whatchu doin baby
You got me no doubt
I'm so gone, gone gone
You got me sayin'
This is what love is about
I'm so gone, gone gone
Look whatchu doin baby
You got me no doubt
I'm so gone, gone gone
You got me sayin
This is what love is about
