

How We Made It

Lisa Knowles & The Brown Singers

Lord, Youâ€™ve been good
Lord, Youâ€™ve , youâ€™ve been good
And i thank you for what youâ€™ve done
And things still to come , ohhh
Lord it was you who made us
And if you donâ€™t come through right now,
Youâ€™re still able
Lord youâ€™ve , youâ€™ve , youâ€™ve been just that good
Oh yes you have
Come on girls help me
Say somebody here wanna know
(How we made it)
Oh Yes , Somebody here wanna know
(How we made it)
Listen , Somebody here wanna know how we made it through yâ€™all of the struggles (How we made it)
and all of the pain and all of the heartaches
But let me tell you what we did
(we were fasting)
We were fasting , yes we were
(and praying)
Ohhhh
(and trusting)
We were trusting and yes sir
(And believing)
We were believing
And thatâ€™s how
(And thatâ€™s how we made it over)
We made it , We made it over
I believe iâ€™ll sing that verse again
Listen , Lord , Youâ€™ve , Youâ€™ve been good
Oh Lord youâ€™ve , youâ€™ve been real good
And listen Lord , I thank you for everything youâ€™ve done
And the things that are still to come , Yeah
Lord it was you , It was you God , You made us
And if you donâ€™t show up for my problem right now,
God youâ€™re still able
Lord Youâ€™ve, You've, Youâ€™ve been just that good
Aye Yeah
Lord somebody here wanna know

(How we made it)
They're going through hard times
And they tryna figure it out right now God
(How we made it)
They wanna know how we made it
Somebody here going through trouble
(how we made it)
And they wanna know how we made it
(over)
Made it over
But Lord , we got down on our knees
(we were fasting)
We were fasting
(and praying)
Lord we were praying
(and trusting)
And we trust you Lord No doubt about it
(and believing)
Lord we believe you
And that's how
(that's how)
(we made it over)
We made it over
(oh, over)
We made it , We made it
Somebody said we wouldn't
(over)
But we made it
(that's how)
All those night
(that's how)
When I cried myself to sleep
(we made it over)
I never lost my trust in you Lord
(over)
That's how I made it
(over)
Aye Yeah
That's how
(that's how)
We made it over
(we made it over)
Yeah , Oh Thank you Jesus
