Capital Radio

The Clash

Yes, its time for the dr. goebbels
Show!

There's a tower in the heart of london
With a radio station right at the top
They don't make the city beat
They're making all the action stop

A long time ago there were pirates
Beaming waves from the sea
But now all the stations are silenced
'cause they ain't got a government license

Want to tell your problems
Phone in from your bedsit room
Having trouble with your partner
Let us all in on the news

If you want to hear a record
Get the word from aiden day
He picks all the hits to play
To keep you in your place all day

Capital radio
In tune with nothing
Don't touch that dial
