Like I Do

Live

Darlin', I feel like a God when I am next to you
Somethin' sacred, someone straight and true
Tell me, do you feel the same way too?
Darlin', your face is radiant with the light of love
The kind that's sent straight down from up above
And now you're all I'm thinkin' of
Thinkin' of, thinkin' of, thinkin' of
Don't you give me lovin' like a revelation
Don't you make me burn and make me feel the danger
Salutations to the maker of my finest hour
Goddess, queen, mother, sister, lover
Don't you ever leave
Darlin', I feel like a god when I am next to you
Somethin' worth the worship of this honest fool
Tell me do you feel the same way too, like I do?
Like I do, like I do
Don't you give me lovin' like a revelation
Don't you make me burn and make me feel the danger
Salutations to the maker of my finest hour
Goddess, queen, mother, sister, lover
Don't you ever
Don't you give me lovin' like a revelation
Don't you make me burn and make me feel the danger
Salutations to the maker of my finest hour
Goddess, queen, mother, sister, lover
Don't leave, oh yeah, oh yeah, don't leave, oh yeah
Don't you give me lovin' like a revelation
Don't you make me burn and make me feel the danger
Salutations to the maker of my finest hour
Goddess, queen, mother, sister, lover
Don't you ever
Don't you give me loving like a revelation
Don't you give me love, don't you give me love
Don't you give me love
Don't you feel the same way like I do
Like I do, like I do, like I do
