

Fade Into You

Nashville Cast

If you were the ocean and I was the sun
If the day made me heavy and gravity won
If I was the red and you were the blue
I could just fade into you
If you were a window and I was the rain
I'd pour myself out and wash off the pain
I'd fall like a tear so your light could shine through
Then I'd just fade into youIn your heart in your head in your
Arms in your bed under your skinTil there's no way to know where
You end and where I beginIf I was a shadow and you were a
StreetThe cobblestone midnight is where
We first meetTil the lights flickered out, we
Dance with the moonThen I'd just fade into youIn your heart in your head in your
Arms in your bed under your skinTil there's no way to know where
You end and where I beginI wanna melt in I wanna soak through
I only wanna move when you moveI wanna breathe out when you
Breathe in then I wanna fade into youIf I was just ashes and you were
The groundAnd under your willow they laid me
DownThere'll be no trace that one was
Once twoAfter I fade into youThen I'd just fade into you
Then I'd just fade into you
Then I'd just fade into you
Then I'd just fade into you
