

It's Because I Got Fat, Isn't It?

On Call Heroes

Oh I should've known, when you told me all
About those boys, that you fucked over
That I would be, I would be the next one

So let me try to understand what you're going through
You said that we are done but you still wanna screw
Up everything that we had built for two
What's wrong with you?
Oh what's wrong with you?

Sleeping alone again
She just said that you just wanna be friends
And I want you to know
I'm glad that you decided to go
I'm glad that you decided to go

If I'm just a trophy then you're just a notch in my belt
That I never meant to make so long
But it's filled with girls like you that just lead me along

But I guess that's just history
And the only one to blame is me
So go ahead brag to all your friends about me
Brag to all your friends about me

Sleeping alone again
She just said that you just wanna be friends
And I want you to know
I'm glad that you decided to go

Sleeping alone again
She just said that you just wanna be friends
And I want you to know
I'm glad that you decided to go
I'm glad that you decided to go

Now I'm sleeping alone again
But that's okay
Getting use to it anyway

Iâ€™m getting better every day

Sleeping alone again
She just said that you just wanna be friends
And I want you to know
Iâ€™m glad that you decided to go

Sleeping alone again
She just said that you just wanna be friends
I want you to know
Iâ€™m glad that you decided to go
Iâ€™m glad that you decided to go
Iâ€™m glad that you decided to go
