# Call Me Anything

## Noah Young

You remind me of a summer's day
But I let you get away
We would lay out on the sandy shore
But I wanted something moreWe'd sit all night by the fire, watch the tide getting higher
I stayed too late, my mistake, what were you gonna take
From me besides my heart because you know its true it belongs to youChorus:
Call me babe. Call me sweetheart.
Call me anything as long as you know that
Whoa oh oh oh
Don't wanna let you go oh oh oh so
Tell all of your friends that
I'm here until the end and
Tell me everything
EverythingNever thought I'd ever see the day
That you would come my way
Never thought I'd ever cross your mind
But now we're doing fineWe'd watch the sun wave goodbye as we're side by side
And I never knew what to do so I would just look into
Your eyes with no words to say and that'd be okayChorus:
Call me babe. Call me sweetheart.
Call me anything as long as you know that
Whoa oh oh oh
Don't wanna let you go oh oh oh so
Tell all of your friends that
I'm here until the end and
Tell me everything
Everything
Everything x2I could take the fall if you would want me to
I have never met a girl who's quite like you
You're taking me away at the start of everyday and I feel brand new
So I gotta say it's trueChorus:
Call me babe. Call me sweetheart.
Call me anything as long as you know that
Whoa oh oh oh
Don't wanna let you go oh oh oh so
Tell all of your friends that
I'm here until the end and
Tell me everything
EverythingDon't ever regret

Everything
Tell me your secrets
Everything
I'll never let go
Everything
My perfect angel oh
The reason I sing
You are my everything
