

# Season's No Reason to Change

## The Gap Band

Girl, you're looking sweeter now  
You got it every day, girl  
Wish that I could love you now  
In a special way You light my fire  
I feel alive with you, baby  
You blow my mind  
I'm satisfied Outstanding (So outstanding, yeah)  
Girl, you knock me out  
Excited (I'm so excited, baby)  
It makes me want to shout (Baby) Gee, I feel so lucky, girl  
To have you all alone  
I really love the way you love me  
Forever I'll be yours You blow my mind, baby  
I'm so alive with you, baby  
You blow my mind, baby  
You blow my mind, baby, baby You light my fire { You light my fire }  
I feel alive with you, baby { I feel alive }  
You blow my mind { You blow my mind }  
I'm satisfied { I'm satisfied } Outstanding (You're so outstanding, yeah)  
Girl, you knock me out (Dooby dooby dooby dooby dooby you knock me out)  
Excited (So excited, baby)  
It makes me want to shout (Girl, you know, you know, you know you knock me out) Outstanding (I really love
