Thank you to old mon for being here for the last 5 years
Shout out to Stoopid Robots, you guys have so many shots and my mistress all over the globe

And thank you for listening
Goodbye
Stoopid Robots

It sounds, sounds like it?s raining
Stop it when it rains in pours
Cause it rains and pours
It rains and pours
Gonna see you when it rains and pours
Cause it rains and pours
It rains and pours
Girl I notice when it rains and pours
Because I see it when it rains and pours
Because it rains and.
Girl, I just wish I hold you
