Red skies at night
Red skies at night
Wo oh oh oh oh
Red skies at night
Red skies at night
Wo oh oh oh ohShould have taken warning it's just
People mourning
Running, hiding, lost
You can't find, find a place to goRed skies at night
Red skies at night
Wo ohShould have taken warning it was just
People ignoring
Running, hiding, lost
You couldn't find, find a place to goRed skies at night
Red skies at night
Wo oh

Red skies at night
Wo oh ohSomeone's taking over
And it look like they're aiming
Right at you and me and everybody
Everybody
Someone said we'll be dead by morning
Someone cries leavingRed eyes at night
Red eyes at night
Wo oh ohRed skies at night
Red skies at night
Red skies at night
