Why Did We Ever Meet

The Promise Ring

Your hair pinned up in circles
Worn like a widow to second the motion of second nature
Like two rafts knotted and ju-knotted
And still where sound is lost and found
But I fear it's all just comin' back to meAnd I fear that its all just comin' back to
Comin' back to, comin' back to me
Under that threat of sky we lie together
Why care about the weather
It only ends, it ends in darknessYou, youre always, youre always
Dressed and buttoned up
Ba ba ba da ba ba ba ba ba da ba bap
Do do do do do do do do
And you, youre always, youre always
Dressed and buttoned up
Ba ba ba da ba ba ba ba ba da ba bap
Do do do do do do do doAnd between nineteen, nineteen, forty
For the tea it will have changed me
Turning from the invading light on my
My naked room, my naked room
Our coffee stains and dusty coughingYou, youre always, youre always
Dressed and buttoned up
Ba ba ba da ba ba ba ba ba da ba bap
Do do do do do do do do
And you, youre always, youre always
Dressed and buttoned up
Ba ba ba da ba ba ba ba ba da ba bap
Do do do do do do do do and youYou, youre always, youre always
Dressed and buttoned up
Ba ba ba da ba ba ba ba ba da ba bap
Do do do do do do do do
And you, youre always, youre always
Dressed and buttoned up
Ba ba ba da ba ba ba ba ba da ba bap
Do do do do do do do do and you
