Captivate

Nitzer Ebb

Out in the fields
Out in the woods
You come for me
I can feel your hands
I can feel your handsUp from the floor
Down on the bed
You feel for me
I can hear your heartAnd I am not going to want to go away
And I am not going to give in to you in loveBecause I want it all
Captivate, captivate, all that we've got to give
Captivate, captivate, because I want it all
Captivate, captivate, corrupt my soulUnder the sun
Out in the wind
You run with me
You run with me
I can taste your mouth
I can feel your handsAnd I am not going to want to go away
And I am not going to give in to you in loveBecause I want it all
Captivate, captivate, all that we've got to give
Captivate, captivate, because I want it all
Captivate, captivate, all that we've got to give
Captivate, captivate, because I want it all
Captivate, captivate
