**BS (A. Whiteman)**

0:25

just gettin' off work...  
my clothes all dirty....  
ridin' in my car...  
gettin paged 911 emergency...  
call ya from the cell...  
you sayin' no one's home...  
the way you're talkin' girl...  
'bout to get freaky on the phone...it's a midnight session...  
and it's all about love...  
no more askin' questions...  
'cause we're makin' all the answers...  
you'll find me...  
under the sheets...  
you best be bettin'...  
it's another midnight session...when you came the door...  
you looked spectaclar...  
with silk that fine...  
you made new orleans haters...  
your lips so soft...  
your body so smooth...  
baby let's go to your parents bedroom...  
the king size bed...  
for the king size man...  
with you lie(ing) there...  
i also got a king size plan...  
ooooohhhhhhhh!  
we gonna rock...  
we gonna roll...  
baby if you ain't...  
gonna turn you into a nimpho....it's a midnight session...  
and it's all about love...  
no more askin' questions...  
'cause we're makin' all the answers...  
you'll find me...  
under the sheets...  
you best be bettin'...  
it's another midnight session...you holdin' me tight...  
keep sayin' it'll be alright...

eyes ever connected...  
moments like this rank high in all-time...  
always in control...  
like cube, i'm pushing weight...  
today's so great...  
yeah.....it's gotta be a tuesday....  
the final countdown has begun...  
and alot happened since the sprung....  
you stare in the air...  
soon girl, i'll join you there...  
blossoming like a flower...  
ending with such great power...  
i'm so high off you...  
i feel like i smoked a pound or two....it's a midnight session...  
and it's all about love...  
no more askin' questions...  
'cause we're makin' all the answers...  
you'll find me...  
under the sheets...  
you best be bettin'...  
it's another midnight session...it's a midnight session...  
and it's all about love...  
no more askin' questions...  
'cause we're makin' all the answers...  
you'll find me...  
under the sheets...  
you best be bettin'...  
it's another midnight session...
