Miracle

Blowsight

I'm shallow as the water
I have settled for a score
I wanna turn
I learn
To fight stay in saturnight
I feel like my head already burnsA buzzin' from the radio
When everyone is listening, I know
It's my show
So strap me to reality
I'm just another travesty
Hello, did you find out what way to go?'Cause we're standing in the line
Standing in the line, waiting for a miracle
Now, why can't you try to stay alive
Waiting for a while, waiting for a miracle
'Cause we're standing in the line
(And so what if we are all)
Standing in the line
(And so what if we are all)
Waiting for a miracle, can't stop standing in line(Waiting for a miracle)Don't pray for me, I see you
Don't cry for me, I see you
Don't pray for me, I can see you shine
Don't pray for me, I see you
Don't cry for me, I see you
Don't pray for me, I see you shineWe're all standing in a line
Standing in a line, waiting for a miracle, yeah
Try to stay alive waiting for a while, waiting for a miracle
Standing in a line
(And so what if we are all)
Standing in the line, yeah
(And so what if we are all)
Waiting for a miracle, can't stop standing in lineIn line
In line
In line
In line'Cause we're standing in the line
Standing in the line, waiting for a miracle
Now, why can't you try to stay alive
Waiting for a while, waiting for a miracle
Oh, standing in the line
Standing in the line

Standing in the line
Standing in the line
Standing in the lineWell you're still standing
