

# Hit the Floor

## Zero Sanity & Kevin Kaos

Yeah, we gon' take it from the bottom to the windy city  
Miami's finest, Chi Town's finest, Pitbull, Twista

And we want all the women to  
Boogie boogie boogie, go ahead baby  
Boogie boogie boogie, go ahead baby  
Boogie boogie boogie  
Boogie boogie boogie  
Boogie boogie boogie  
Get down hit the flo'  
Get down hit the flo'  
Get down hit the flo'  
Get down hit the flo'

Dile ponme la hay que te la voy a partir  
Dile ponme la hay que te la voy a partir  
Dile ponme la hay que te la voy a partir  
Dile ponme la hay que te la voy a partir  
Shake it, shake it fo' me

Come and work it for me, shawty but don't break it for me  
Wiggle wiggle want you, come on and get naked fo me  
Say you like the dick, won't you come and take it from me  
Gon' twirk it fo' me while I let the dick slide  
Pop it fo me mama, show me you know how to ride  
Now stop runnin' from me, go and hold that fatty up  
Now let me beat up until you say you've had enough  
Pitbull and twista shawty, show me how you work that work that  
Got to the flo' but don't hurt that, hurt that  
Take you with me if you can show me how you do that  
Looking so hot and got the hood hollin', who dat  
Hit it so hard mamacita, come and let me inspect yo thigh  
Open up because I got a new excercise  
I can drop it down pick up the flow  
Hit that bitch up with the rhythm and go, get down, hit the flo'  
Get down hit the flo'  
Get down hit the flo'  
Get down hit the flo'  
Get down hit the flo'

Dile ponme la hay que te la voy a partir  
Dile ponme la hay que te la voy a partir  
Dile ponme la hay que te la voy a partir

When Pits in the area, area  
Better check his bank fo direst deposits  
Check under yo bed bed, check yo closet  
She don't like bacon? Cool I'll give her sausage  
If it doesn't make sense, sense  
Don't make dollars, dollars  
Don't make money, money  
Don't make profits, boogie boogie  
I just want to give you nook, noogie noggie

Turn around let me see how you would, do me, do me  
Put it all together that would be a  
Boogie boogie, noogie noogie noogie, do me, do me  
Damn it woman, I'm on the track with Twista  
So it's only right that I take my words and twist 'em  
Watch how I get up and go, watch how I switch up the flo'  
Watch how I do it like, no one's done it befo'  
Yes, uh Pits a pro  
Mami what you fronin' fo'  
Girl, do what you do best  
Hit the flo'  
Get down hit the flo'  
Get down hit the flo'  
Get down hit the flo'  
Get down hit the flo'

Dile ponme la hay que te la voy a partir  
Dile ponme la hay que te la voy a partir

All the chicks be lovin' Twista when he spittin' 'em rhymes  
And I be lovin' all the ladies that got dick on they mind  
From the windy city down to the dirty south  
Like Luda you know, I beat that shit by the word of mouf  
I sold 350 the first week  
The day after I'm coming at you on a smurf beat  
Because he got the base to hit you on the head like a 4 by 4  
Now back it up for me, I'm beggin' shawty Por favor  
Go and get the other lane, let me show you how to jack it  
Aint no like nothin' a brother, you gon' like it when I smack it  
Got you in the fantasy, I hope no shit pop off  
While we grindin' and I'm trying to get my rocks off  
Hope them haters don't coma at me thinking my blocks off  
'Cause we known to get the heaters burnin' like hot sauce  
Its all because I gave them baby mamas dick on the low

I tell 'em, get down hit the flo'

Get down hit the flo'

Get down hit the flo'

Get down hit the flo'

Get down hit the flo'
