Just Like Sunshine

James Otto

Girl, your kiss is sweeter than honey
I spend 'em up like money
They make me higher than wineYour smile wakes me up like coffee in the mornin'
It's like a new day dawnin' when I look in your eyes
Yeah, you light up my world just like sunshineI wonder if you even know
The depths to which you've touched my soul
Just by bein' youI can't imagine livin' life
Without you right here by my side
What in the world would I do?'Cause girl, your kiss is sweeter than honey
I spend 'em up like money
They make me higher than wineYour smile wakes me up like coffee in the mornin'
Like a new day dawnin' when I look in your eyes
Yeah, you light up my world just like sunshineOh, bring it on
Just like sunshine, babySomehow you made me forget
The man I was before we met
And I'll never be the sameMy life used to be so cold and dark
Storm clouds hung above my heart
You brought me out of the rain'Cause girl, your kiss is sweeter than honey
I spend 'em up like money
They make me higher than wineYour smile wakes me up like coffee in the mornin'
It's like a new day dawnin' when I look in your eyes
Yeah, you light up my world just like sunshineYeah, yeah, yeah
Just like sunshine, baby, now
