Hush

Automatic Loveletter

This is as quiet as it gets
Hush down now and go to sleep
We were once perfect, me and you
Will never leave this room
Hu-hu-hush, you color my eyes red
Your love's not live, it's dead
This letter's written itself inside out again
When rivers turn to roads
And lovers become trends
Hu-hu-hush, this is where it ends
This is where it ends
This is the calming before the storm
We've been here like before
This absolution is always incomplete
It's always bittersweet
Hu-hu-hush, you color my eyes red
Your love's not live, it's dead
This letter's written itself inside out again
When rivers turn to roads
And lovers become trends
Hu-hu-hush, this is where it ends
I won't make a sound
So you don't wake
You don't wake, you don't wake
You don't wake
Hu-hu-hush, you color my eyes red
Your love's not live, it's dead
This letter's written itself inside out again
When rivers turn to roads
And lovers become trends
Hush, this is where it ends
This is where it ends
