

Hands

Kane

Hey hey yeah!
Oh no no no no no I saw you
You stood there
I've seen you right there from the start
With ev'ry heartbeat closer
I've seen you right there where you are
And it could have been so fine yeah yeah
Oh it could have been so fine yeah yeah My question unspoken
I want your heart I want your soul
With ev'ry heartbeat closer
I want you, baby can't you give it to me now
And it could have been so fine yeah yeah
Oh it could have been so fine yeah yeah So let me fall into your hands
Take me far away
I am calling for your hands
Eh hey yeah So talk to me, say you want this
I want your body next to mine
With ev'ry heartbeat closer
I want you baby can't you give it to me now
And it could have been so fine yeah yeah
Oh it could have been so fine yeah yeah [Repeat x2]
Let me fall into your hands
Take me far away
I am calling for your hands oh So let me fall into your hands
Yeah yeah
Woohooohoo [Repeat x2]
So let me fall into your hands
Take me far away
I am calling for your hands yeah!
Wow baby yeah
Let me fall into your hands [Repeat x2]
I'm calling, calling, calling, calling
Yeah yeah yeah
