Girl from Sweden

Eric Saade

She got eyes like a tiger, tiger
got a heart of a lion, lion
she's hotter than fire, fire
got me hooked with a la la la la la laLike cherry, cherry
she's sweeter than candy, candy
I ain't dumb but I'm ready, ready
for a little bit of la la la la la laI've been around the world a lot of girls
wanna get down with me
still I can't wait till I return
to the one that's meant for meSpend a weekend in Paris
already leaving
Off to Miami
high like a ceiling
high like a ceilingSpend a weekend in Paris
already leaving
Off to Miami
high from the feeling
I'm so high from the feelingI got a girl from Sweden
I gotta, I gotta, I gotta girl from
I gotta, I got a a girl from Sweden
I gotta, I gotta, I gotta girl from
I gotta, I got a a girl from SwedenHey brother, brother
listen up when I tell ya, tell ya
she's not like the others, others
got me drunk on her la la la la la loveIt's funny, funny
she's all over my body, body
I gotta make her my honey, honey
tonight we gon' la la la la la la (yep)I've been around the world a lot of girls
