

# Bleeding

## Idle Sons

I can't destroy myself  
For things set upon the shelf, or  
Those days when you played the whore  
You're waging a war you can't win You die  
Inside  
The one thing that you'll never hide  
You cry  
It's the bleeding of the heart  
The meaning of it all  
The bleeding of your everything  
I know  
It's the bleeding of the heart  
The meaning of it all  
The bleeding of your everything  
I know Now that you've found yourself  
You're engaged  
Enraged  
Nothing more  
those things you once could conquer  
Have come back around after all You die  
Inside  
The one thing that you'll never hide  
You cry  
It's the bleeding of the heart  
The meaning of it all  
The bleeding of your everything  
I know  
It's the bleeding of the heart  
The meaning of it all  
The bleeding of your everything  
I know I will find you  
I will find you  
I will find you  
I will find you It's the bleeding of the heart  
The meaning of it all  
The bleeding of the heart  
The bleeding of your everything  
I know  
It's the bleeding of the heart

The meaning of it all  
The bleeding of your everything  
I know
