

# Ink My Whole Body

Wiz Khalifa

Yeah, what up taylor gang?  
Star power, Star year, you know what it is? Ink my whole body, I don't give a motherfuck  
Ink, ink my whole body, I don't give a motherfuck  
Ink, ink my, whole body, I don't give a motherfuck  
Ink my, ink my whole body, ink my whole body Got so many tats, you can't even count 'em up  
In the shop every week, I can't seem to get enough  
My aunt said my skin to clean to mark it up  
But I'ma ink my whole body, I don't give a motherfuck I'm blowin' purp, no shirt  
Windows down, screamin' cash rules, showin' off my tattoos  
Hoes spazzin' when they see me  
Run up on me star struck, askin' can they read me Seen Matt and told him "sleeve me"  
Heard your man gotta a star tat and tried to be me  
I make it look easy, people say I'm crazy  
Body marked up like a wall in the 80's Speakers scream loud like a car full of babies  
Chain so sick they think my charm came with rabies  
All I hear these days is, I think you goin' overboard with it  
I ain't addicted I'm committed, it's wizzle man Ink my whole body, I don't give a motherfuck  
Ink, ink my whole body, I don't give a motherfuck  
Ink, ink my, whole body, I don't give a motherfuck  
Ink my, ink my whole body, ink my whole body Ink my whole body, I don't give a motherfuck  
Ink, ink my whole body, I don't give a motherfuck  
Ink, ink my, whole body, I don't give a motherfuck  
Ink my, ink my whole body, ink my whole body Got stars over here, little star over there  
Stars everywhere cause nigga it's star year  
The name star power, my jewelry star bright  
Tat on my face say I'm livin the star life And by the way you know it's Taylor Gang  
Soon as you see us, I'm inked up from my feet up  
I keep blunts flickin', new tats itchin'  
Black chuck coppin', new shit droppin' Star power, I'm the one they call young  
Body marked up like a subway in Harlem  
Niggas say that's hard, white people think it's awesome  
Chest, neck, tatted, whole sleeve on my arm done Sleeve on my arm done, they say I look like tiger man  
I put some lime in the swisher sweet and twist it all up  
Can't wear a shirt, the bitches lift it all up  
I'm tattin' my body 'til I filled it all up Ink my whole body, I don't give a motherfuck  
Ink, ink my whole body, I don't give a motherfuck  
Ink, ink my, whole body, I don't give a motherfuck  
Ink my, ink my whole body, ink my whole body Ink my whole body, I don't give a motherfuck  
Ink, ink my whole body, I don't give a motherfuck

Ink, ink my, whole body, I don't give a motherfuck  
Ink my, ink my whole body, ink my whole body
