Dykula

Sleepy Kitty

(Live, Lo-Fi Session Version)

don't you remember everything about the things that we always said we would always do
i can't even start to dream about what it almost really meaned to you.
don't get it out of yourself girl
you're gonna lose your mind
you better loosen up now girl
'cause you're gonna find it's gonna be alright

if i could see you for the very first time again, i'd walk the other way, outta that place, off of that avenue, so you can't get to me.

ba da da da da da da da da da da da da da da
ba da da da da da
walk away
ba da da da da da da da da da da da da da da
ba da da da da da
walk away

i'm so sick of singin' the same words when they never ever seem to go through
shoo-bop, shoo-bop
i keep beggin' you love listen up but the truth is i just can't change you
shoo-bop
i'm gettin' tired of this girl,
oh, you make me lose my mind
well forget about me
cause i know that i am gonna be alright, oh

if i could see you for the very first time again, i'd walk the other way, out of that place, off of that avenue, so you can't get to me,

oooo oooo oooo oooo ooooo

if i could cut any time from this lifetime
probly cut that day, out of the picture
out of the script, out of the scene

harsh words is harder when they come from someone you thought you knew. you didn't want to be the answer
so i did what i had to do

ba ba ba ba ba ba dahdah
walk away
ba ba ba ba ba ba ba
walk away
ba ba ba ba ba ba ba
walk away
ba ba ba ba ba ba ba
walk away

if i could see you for the very first time again, walk the other way, out of that place, off of that avenue, so you can't get to me

ooo ooo ooo ooooo ooo

if i could cut any time from this lifetime
probly cut that line,
out of the picture, out of the script, out of the scene
out of the picture, out of the scene
out of the script, out of the scene,
oooo ooooo oooo ooooo
out of the chorus

ba da da da da da da da da da da da
ba da da da da da da da da da da da da
