

# Sex & Outrage

## Motörhead

Seize the time  
There's only minutes left to zero  
Just got a little taste  
I gotta get some more  
Just me and you

[Chorus:]  
Teenage, backstage, sex and outrage

It's like I got  
An outboard motor in my bloodstream  
And all you've done tonight  
Is walk in through the door  
No lie - all true

Teenage, backstage, sex and outrage

I think you know  
Exactly what I'm trying to get at  
The way you move yourself  
Should be against the law  
It's up to you teenage, backstage, sex and outrage
